

Demystifying Curriculum Design and Development

Presented by: Dr. Jean Kenney and Dr. Karen LeDuc

NEW TRAINING OFFERING!!!

June 26, 2019

Need to align your curriculum to new standards? Need to write or revise a new curriculum? Need to assure you are meeting all state curriculum standards? Need to assure high standards for student learning?

Demystifying Curriculum Design and Development is an interactive workshop designed for teacher leaders, curriculum leaders, department heads, and administrators.

Workshop session outcomes:

- a working definition of curriculum, based on research and theory applied to the practice of writing curriculum
- an understanding of state standards and how these inform curriculum units
- a road map of the curriculum that includes priority standards, pacing calendar and unit plan organizer, all based on your state's curriculum standards

Come work with NESDEC, learn from each other, and network to develop and sustain relevant curriculum!

What should you bring to the June 26th session? A current copy of the curriculum you wish to implement or review (if you have it) and a copy of your state's curriculum for your subject area (paper copies or electronic versions-if electronic, please do remember to bring your own device and flash drive)

About the Presenters. . .

Dr. Jean Kenney is a former Assistant Superintendent and Curriculum Director with over 25 years of experience in developing, reviewing, implementing, and evaluating curricula.

Dr. Karen LeDuc is a former Assistant Superintendent and Curriculum Coordinator with over 25 years of experience in developing, writing, reviewing and implementing curricula.
